

Australian Bureau of Statistics

6291.0.55.001 - Labour Force, Australia, Detailed - Electronic Delivery, Nov 2005

Previous ISSUE Released at 11:30 AM (CANBERRA TIME) 15/12/2005

Summary

About this Release

A range of Excel spreadsheets and SuperTABLE datacubes. The monthly and quarterly spreadsheets contain broad level data covering all the major items of the Labour Force Survey in time series format, including seasonally adjusted and trend estimates. The monthly, quarterly and annual datacubes contain more detailed and cross classified original data than the spreadsheets.

Explanatory Notes

Data Cubes (Calculating Standard Errors) - Data Cubes

Please note that new models for calculating standard errors for estimates from the Labour Force Survey (LFS) were introduced in August 2005 and apply to estimates from the LFS from November 2002 onwards. Further information, including formulae for the models, can be found in Labour Force Survey Standard Errors, 2005 (cat. no. 6298.0).

Please note that annual family datacubes from the Labour Force Survey now have a new catalogue number. These datacubes can be accessed through 6224.0.55.001 - Labour Force, Australia: Labour Force Status and Other Characteristics of Families - Electronic Delivery.
